

STERN DUAL THRUSTER SYSTEM

Superior Power & Precision: Supra's next-generation dual thruster system delivers exceptional control and performance. Mounted directly to the SmartPlate, this optional upgrade features advanced electric motors and a fully integrated battery management system engineered for quicker response, enhanced precision, and reliable power on demand.

REFINED HELM EXPERIENCE

Unmistakable Style: The helm gets a premium touch with a new black anodized steering wheel and shifter, accented in sleek gray for a bold, modern edge. The windshield has also been updated with a powder-coated finish for better durability.

PRECISION STEERING INNOVATION

Engineered for Every Move: A newly engineered rudder design smooths steering response for tighter turns, better handling, and more confidence behind the wheel.

VISION CONTROL CENTER

Intuitive Control: Supra's Vision Control Center features new 15" and 12" high-resolution multi-function displays, integrated with a redesigned user interface. The result is a cleaner, more modern appearance with intuitive, streamlined control of every key system.

SUPRA BOATS

2026

POWERWINGS

Precision That Keeps You Ahead: Supra's new PowerWings replace traditional steering wheel controls with stationary paddle actuators that remain fixed in place while steering. This innovative design allows you to adjust wake settings, speed, audio, and more without ever taking your hands off the wheel.

COCKPIT REAR SLIDING FLIP-SEAT

Comfort & Versatility: The redesigned rear sliding flip-seat offers smoother, more intuitive operation for enhanced usability. It also features an updated table configuration with a durable fiberglass finish, providing added functionality and a refined look.

ELECTRIC COOLER

Chill Smarter: The new Dometic Electric Cooler option (available on the SA and SL) keeps your drinks icy and your adventures uninterrupted with plug-and-play convenience and premium cooling performance.

DSD AUDIO SYSTEM

Create Soundwaves: The DSD Audio System gets a major upgrade with a new 12" subwoofer design, a more powerful 6-channel amplifier, and the introduction of standard VA2 and optional VA4 Vertical Array Tower Speakers with 2.5" midrange drivers. Plus, the new 5-button transom remote features a simplified design for effortless control and quick access to key functions.

SV 21'10"

Ballast: 3,800 LBS
Capacity: 15 Persons
Engine Options: Raptor 400/450/575

The 2026 Supra SV is proof that big performance can come in a sleek, compact form. As the smallest boat in the Supra lineup, the SV is packed with aggressive style, cutting-edge tech, and the same premium craftsmanship you'd expect from Supra.

SA 22'5"

Ballast: 5,000 LBS
Capacity: 15 Persons
Engine Options: Raptor 400/450/575

The Supra SA combines top-tier performance with luxury comfort, offering endless possibilities on the water. With fully customizable wake and wave settings, it's built to match every rider's style, from smooth sessions to next-level progression.

The Official Tow Boat of The Pro Wake Tour

SL 23'5"

Ballast: 4,500 LBS
Capacity: 16 Persons
Engine Options: Raptor 400/450/575

All-New for 2026

Whether you're chasing the perfect wave or turning heads at the dock, the all-new 2026 Supra SL sets a bold new standard. Brand new technology at the helm, improved storage solutions and seating, plus premium options like an electric cooler and power folding bimini are just a few highlights of the 2026 Supra SL.

Features the new 2026 color Candy Apple

SE 24'5"

Ballast: 4,700 LBS
Capacity: 18 Persons
Engine Options: Raptor 450/575

The Supra SE combines contemporary luxury with celebrated refinement, delivering an experience that's as powerful as it is polished. As the largest boat in the Supra lineup, the SE offers expansive space, premium comfort, and cutting-edge features, ensuring you and your crew enjoy every journey to the fullest.

Features the new 2026 color Cyanic Mist
